

Please visit <http://community.infiniteureka.com> to view examples of many of these features.

Service/Feature:	Description:	Limits due to ning.com:	Price £GBP	Price gets you:
Activate Additional Pages system	Allows you to add new sections to the website that appear in the main navigation	Pages can contain normal HTML but fit into a preset template with a border at the top. N.B. You may need to provide your full login details so I can get access to the ning ftp server.	£5.00	Unlimited sections and blank pages
Additional simple artwork	I can provide all manner of types of artwork for use in feature boxes as backgrounds and accents etc.	Images must fit within existing page module dimensions or alternatively can appear in specific places such as above and beneath the main body of the website (below the main site header and above the navigation).	£25.00	1 hour of my time creating artwork for you. The more complex your request, the more time it will take.
Custom Dictionary (Website Language).	A theme must be provided and all relevant words will be changed. Dictionaries can be created in English only, if you wish to edit a different language then all text must be provided.	None	£20.00	
Custom Navigation icons	Small images that appear next to the navigation links for ease of use. I can create them or you can supply them	None	£10.00	Upload and configuration of the icons. Icon creation is charged at the normal rate of £25 per hour.
Custom Site Background image		None	£5.00	Resizing, upload and configuration of the image. Image creation is also £25 per hour.
Creation of a custom skin for the Audio player		None	£25.00	Creation and upload of a custom skin for the music player. More complex designs will be charged at £25 per hour.
Creation of a custom skin or the Video player		None	£25.00	Creation and upload of a custom skin for the video player. More complex designs will be charged at £25 per hour.
Homepage Feature arrangement	Creation of an appealing presentation of homepage modules.	The standard ning feature placement rules apply.	£5.00	
Site proportional layout	Formatting and presentation of content boxes. i.e. Margins, spacing and borders.	Certain rules apply within the ning page layout system (unless you run your own server) yet it is reasonably flexible and can serve most purposes.	£25.00	
Web page graphical skin	Including simple stylisation for: footer, page module headers, page modules and/or main page background. Images, text, colours etc.	images used for module backgrounds will need to look good when the page is resized, for this reason I recommend simple images that only cover one edge of the module box.	£25.00	
Logo/Header creation	i can make a header that reflects the purpose of your site and sets the feel of the site.	None	£25.00	1 hour of my time. Simple headers can be completed in one hour although I recommend spending more time in creating something special if it is within your budget.

INFO: All photographic images used will be either supplied by the client or will be located from free online collections. Work will usually be carried out within one or two days of payment being received.

Price of the simplest package that includes all the above options £195.00

Complete full package of all options including 9 extra hours of design time £395.00

For every 8 extra hours of design time you get 1 hour free!
